1. Aims

The school aims to ensure that:

- Appropriate action is taken in a timely manner to safeguard and promote children's welfare
- All staff are aware of their statutory responsibilities with respect to safeguarding
- Staff are properly trained in recognising and reporting safeguarding issues

2. Legislation and statutory guidance

This policy is based on the Department for Education's statutory guidance, [Keeping Children Safe in Education](#) and [Working Together to Safeguard Children](#), and the [Governance Handbook](#). We comply with this guidance and the procedures set out by our local safeguarding children partnership.

This policy is also based on the following legislation:

Section 175 of the [Education Act 2002](#), which places a duty on schools and local authorities to safeguard and promote the welfare of pupils

[The School Staffing \(England\) Regulations 2009](#), which set out what must be recorded on the single central record and the requirement for at least one person on a school interview/appointment panel to be trained in safer recruitment techniques

[The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children

Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18

[Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM

[The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children

Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children

Statutory [guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism

The [Childcare \(Disqualification\) Regulations 2009](#) (and [2018 amendment](#)) and [Childcare Act 2006](#), which set out who is disqualified from working with children

This policy also meets requirements relating to safeguarding and welfare in the [statutory framework for the Early Years Foundation Stage](#).

3. Definitions

Safeguarding and promoting the welfare of children means:

- Protecting children from maltreatment
- Preventing impairment of children's health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

Children includes everyone under the age of 18.

4. Equality statement

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs or disabilities
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Are asylum seekers

5. Roles and responsibilities

Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff, volunteers and governors in the school and is consistent with the procedures of the Local Safeguarding Children Partnership (Tri-borough - Hammersmith and Fulham, Kensington and Chelsea and Westminster). Our policy and procedures also apply to extended school and off-site activities.

5.1 All staff

All staff will read and understand part 1 and Annex A of the Department for Education's statutory safeguarding guidance, [Keeping Children Safe in Education](#), and review this guidance at least annually.

All staff will be aware of:

Our systems which support safeguarding, including the staff code of conduct, the role of the designated safeguarding lead (DSL), the behaviour policy, and the safeguarding response to children who go missing from education.

The early help process (sometimes known as the common assessment framework) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment

The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play

What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals

The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child sexual exploitation (CSE), FGM and radicalisation

Section 12 and appendix 4 of this policy outline in more detail how staff are supported to do this.

5.2 The designated safeguarding lead (DSL)

The DSL takes lead responsibility for child protection and wider safeguarding.

During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns.

When the DSL is absent, the deputies (see above) will act as cover.

If the DSLs and deputies are not available, the Executive Head Teacher and Heads of School will act as cover (for example, during out-of-hours/out-of-term activities).

The DSLs will be given the time, funding, training, resources and support to:

- Provide advice and support to other staff on child welfare and child protection matters

- Take part in strategy discussions and inter-agency meetings and/or support other staff to do so

- Contribute to the assessment of children

- Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Channel programme, Disclosure and Barring Service, and/or police), and support staff who make such referrals directly

The DSLs will also keep the Executive Head Teacher and Heads of School informed of any issues, and liaise with local authority case managers and designated officers for child protection concerns as appropriate.

The full responsibilities of the DSL are set out in their job description.

5.3 The governing board

The governing board will approve this policy at each review, and hold the Executive Head Teacher to account for its implementation.

The governing board will appoint a link governor to monitor the effectiveness of this policy in conjunction with the full governing board. This is always a different person from the DSL.

The chair of governors will act as the 'case manager' in the event that an allegation of abuse is made against the Executive Head Teacher or Heads of School, where appropriate (see appendix 3).

5.4 The Executive Head Teacher and Heads of School

The Executive Head Teacher and Heads of School are responsible for the implementation of this policy, including:

- Ensuring that staff (including temporary staff) and volunteers are informed of this policy as part of their induction

- Communicating this policy to parents when their child joins the school and via the school website

Ensuring that the DSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent

Ensuring that all staff undertake appropriate safeguarding and child protection training and update this regularly

Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate (see appendix 3)

Ensuring the relevant staffing ratios are met, where applicable

Making sure each child in the Early Years Foundation Stage is assigned a key person

6. Confidentiality

All staff and governors accept and understand that child protection raises issues of confidentiality.

Timely information sharing is essential to effective safeguarding.

Information must only be shared on a 'need-to-know' basis, but you do not need consent to share information if a child is suffering, or at risk of, serious harm

Staff should never promise a child that they will not tell anyone about an allegation, as this may not be in the child's best interests

Confidentiality is also addressed in this policy with respect to record-keeping in section 11, and allegations of abuse against staff in appendix 3

7. Recognising abuse and taking action

Staff, volunteers and governors must follow the procedures set out below in the event of a safeguarding issue.

7.1 If a child is in immediate danger

Make a referral to children's social care and/or the police **immediately** if a child is in immediate danger or at risk of harm. **Anyone can make a referral.**

Tell the DSL (see section 5.2) as soon as possible if you make a referral directly.

We follow the [London Child Protection Procedures](#).

For more guidance, please see <https://www.gov.uk/report-child-abuse-to-local-council>

7.2 If a child makes a disclosure to you

If a child discloses a safeguarding issue to you, you should:

Listen to and believe them. Allow them time to talk freely and do not ask leading questions

Stay calm and do not show that you are shocked or upset

Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner

Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret

Write up your conversation as soon as possible in the child's own words. Stick to the facts, and do not put your own judgement on it

Sign and date the write-up and pass it on to the DSL. Alternatively, if appropriate, make a referral to children's social care and/or the police directly (see 7.1), and tell the DSL as soon as possible that you have done so

7.3 If you discover that FGM has taken place or a pupil is at risk of FGM

The Department for Education's Keeping Children Safe in Education explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs".

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'.

Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 4.

Any teacher who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must immediately report this to the police, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

The duty above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must speak to the DSL and follow our local safeguarding procedures.

Any member of staff who suspects a pupil is *at risk* of FGM must speak to the DSL and follow the [London Child Protection](#) Procedures.

7.4 If you have concerns about a child (as opposed to a child being in immediate danger)

Figure 1 illustrates the procedure to follow if you have concerns about a child's welfare and the child is not in immediate danger.

Where possible, speak to the DSL first to agree a course of action. Alternatively, make a referral to local authority children's social care directly (see 'Referral' below).

You can also contact the charity NSPCC on 0808 800 5000 if you need advice on the appropriate action.

Early help

If early help is appropriate, the DSL will support you in liaising with other agencies and setting up an inter-agency assessment as appropriate.

The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

Referral

If it is appropriate to refer the case to local authority children's social care or the police, the DSL will make the referral or support you to do so.

If you make a referral directly (see section 7.1), you must tell the DSL as soon as possible.

The local authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the local authority if this information is not made available, and ensure outcomes are properly recorded.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must contact the local authority and make sure the case is reconsidered to ensure the concerns have been addressed and the child's situation improves.

7.5 If you have concerns about extremism

If a child is not at immediate risk of harm, where possible, speak to the DSL first to agree a course of action. Alternatively, make a referral to local authority children's social care directly if appropriate (see 'Referral' above).

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include [Channel](#), the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team.

The Department for Education also has a dedicated telephone helpline, 020 7340 7264, that school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.

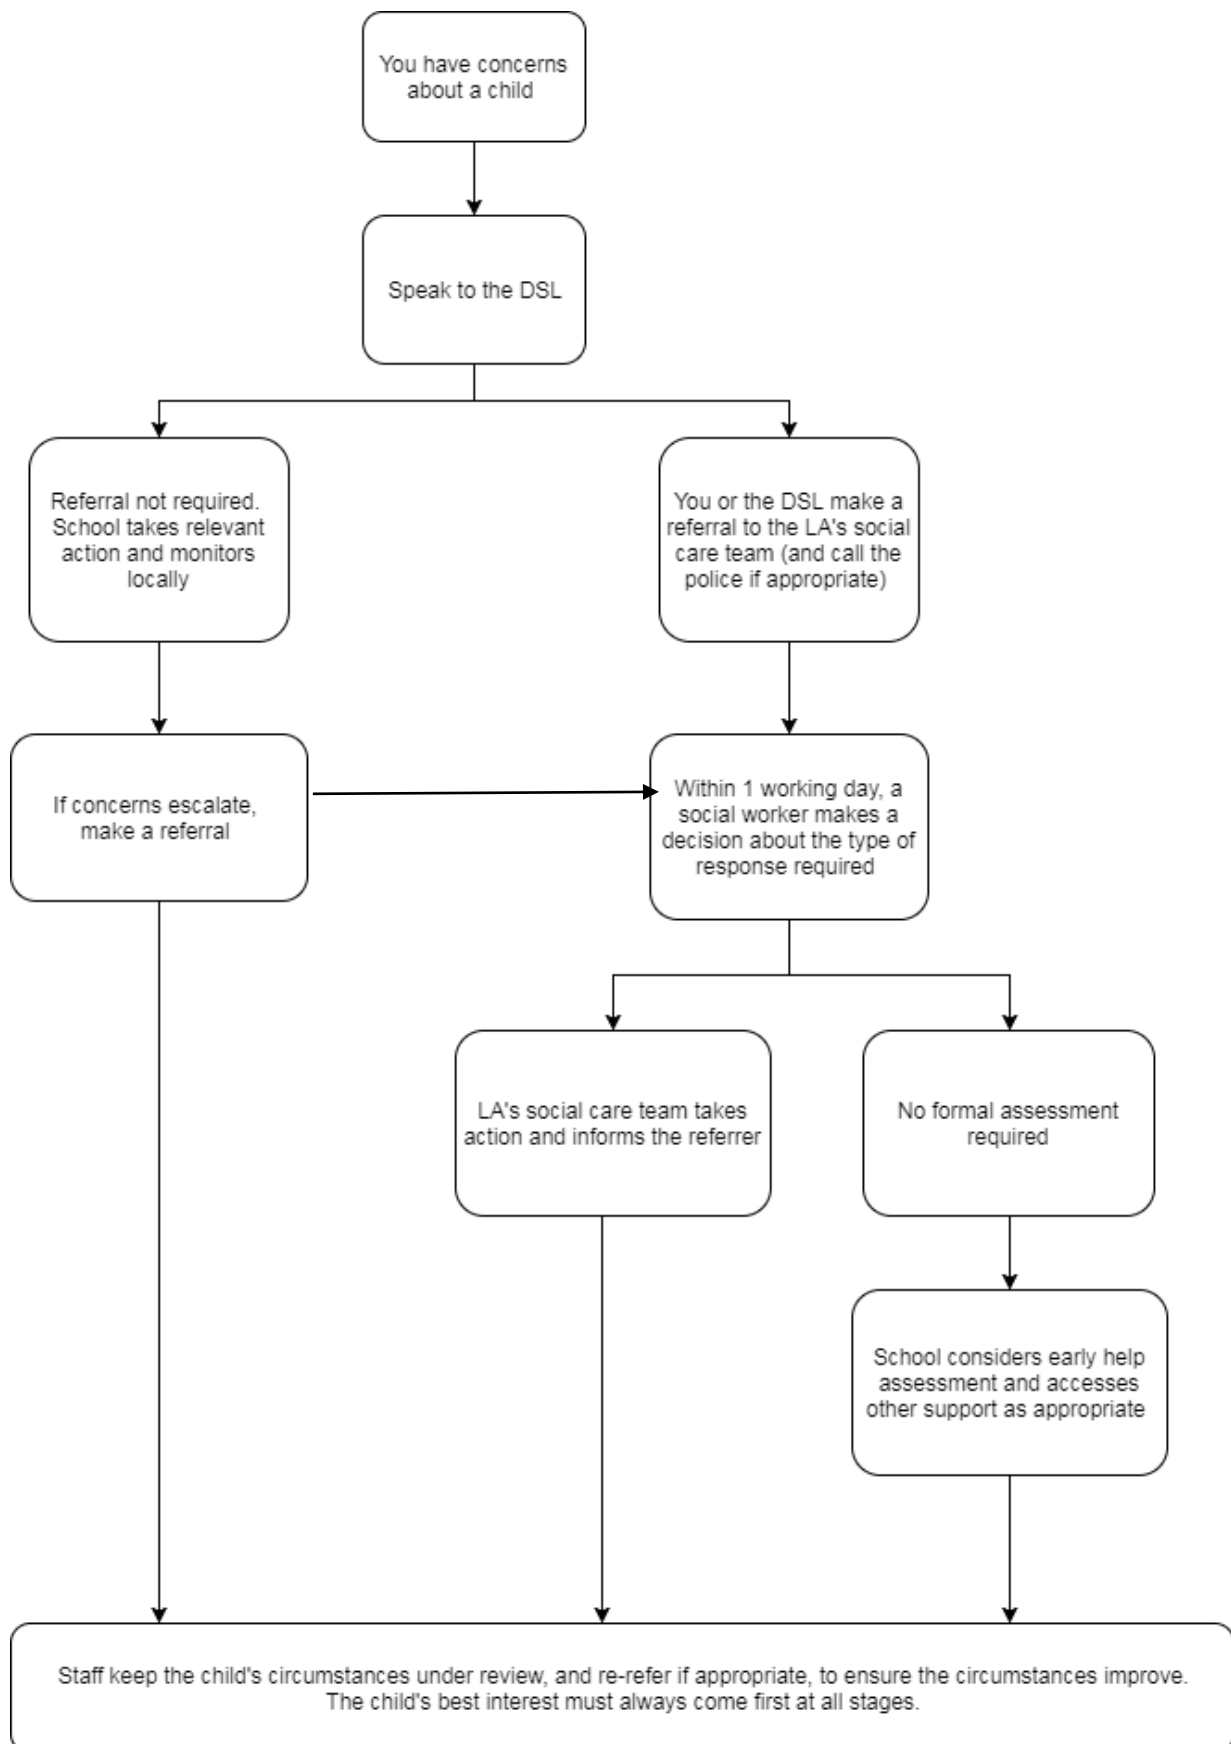

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

Think someone is in immediate danger

Think someone may be planning to travel to join an extremist group

See or hear something that may be terrorist-related

Figure 1: procedure if you have concerns about a child's welfare (no immediate danger)

7.6 Concerns about a staff member or volunteer

If you have concerns about a member of staff or volunteer, speak to the Executive Head Teacher or Head of School. If you have concerns about the Executive Head Teacher, speak to the chair of governors.

In the event of allegations of abuse being made against the Executive Head Teacher and/ or Head of School or, where a staff member feels unable to raise an issue with their employer or feels that their genuine concerns are not being addressed, allegations should be reported directly to the Local Authority Designated Officer (LADO).

You can also discuss any concerns about any staff member or volunteer with the DSL.

The Executive Head Teacher/chair of governors/DSL will then follow the procedures set out in appendix 3, if appropriate.

Where appropriate, the school will inform Ofsted of the allegation and actions taken, within the necessary timescale (see appendix 3 for more detail).

7.7 Allegations of abuse made against other pupils

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as “banter” or “part of growing up”.

Most cases of pupils hurting other pupils will be dealt with under our school’s behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence

- Could put pupils in the school at risk

- Is violent

- Involves pupils being forced to use drugs or alcohol

- Involves sexual exploitation or sexual abuse, such as indecent exposure, sexual assault, or sexually inappropriate pictures or videos (including sexting)

If a pupil makes an allegation of abuse against another pupil:

- You must tell the DSL and record the allegation, but do not investigate it

- The DSL will contact the local authority children’s social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence

- The DSL will put a risk assessment and support plan into place for all children involved – both the victim(s) and the child(ren) against whom the allegation has been made – with a named person they can talk to if needed

- The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate

We will minimise the risk of peer-on-peer abuse by:

- Challenging any form of derogatory or sexualised language or behaviour

- Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys

- Ensuring our curriculum helps to educate pupils about appropriate behaviour and consent

- Ensuring pupils know they can talk to staff confidentially

- Ensuring staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy

8. Notifying parents

Where appropriate, we will discuss any concerns about a child with the child's parents. The DSL will normally do this in the event of a suspicion or disclosure.

Other staff will only talk to parents about any such concerns following consultation with the DSL.

If we believe that notifying the parents would increase the risk to the child, we will discuss this with Children's Services before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents of all the children involved.

9. Mobile phones and cameras

Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present. Staff members' personal phones will remain in their bags or cupboards during contact time with pupils.

Staff will not take pictures or recordings of pupils on their personal phones or cameras.

We will follow the General Data Protection Regulation and Data Protection Act 2018 when taking and storing photos and recordings for use in the school.

See Acceptable Use Policy and Code of Conduct for more information.

10. Complaints and concerns about school safeguarding practices

10.1 Complaints against staff

Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff (see appendix 3).

10.2 Other complaints

Please see [complaints policy](#).

10.3 Whistle-blowing

Please see whistleblowing policy.

11. Record-keeping

We will hold records in line with our records retention schedule.

All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing. If you are in any doubt about whether to record something, discuss it with the DSL.

Non-confidential records will be easily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.

Safeguarding records relating to individual children will be retained for a reasonable period of time after they have left the school.

We share information in line with the London Child Protection Procedures.

In addition:

Appendix 2 sets out our policy on record-keeping specifically with respect to recruitment and pre-employment checks

Appendix 4 sets out our policy on record-keeping with respect to allegations of abuse made against staff

12. Training

12.1 All staff

All staff members will undertake safeguarding and child protection training at induction, including on whistle-blowing procedures, to ensure they understand the school's safeguarding systems and their responsibilities, and can identify signs of possible abuse or neglect. This training will be regularly updated and will be in line with advice from our local safeguarding children partnership.

All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates (for example, through emails, e-bulletins and staff meetings) as required, but at least annually.

Volunteers will receive appropriate training, if applicable.

12.2 The DSL and Deputy

The DSL and Deputy will undertake child protection and safeguarding training at least every 2 years.

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments).

They will also undertake Prevent awareness training.

12.3 Governors

All governors receive training about safeguarding, to make sure they have the knowledge and information needed to perform their functions and understand their responsibilities.

12.4 Recruitment – interview/appointment panels

At least one person on any interview/appointment panel for a post at the school will have undertaken safer recruitment training. This will cover, as a minimum, the contents of the Department for Education's statutory guidance, Keeping Children Safe in Education, and be in line with local safeguarding procedures.

12.5 Staff who have contact with pupils and families

All staff who have contact with children and families will have supervisions which will provide them with support, coaching and training, promote the interests of children and allow for confidential discussions of sensitive issues.

13. Monitoring arrangements

This policy will be reviewed **annually** by the DSL and Deputy. At every review, it will be approved by the full governing board.

14. Links with other policies

This policy links to the following policies and procedures:

Behaviour

Staff code of conduct

Complaints

Health and safety

Attendance

Online safety

Sex and relationship education

First aid

Raising concerns

SEN

Managing Medical Conditions

Data Protection

These appendices are based on the Department for Education's statutory guidance, **Keeping Children Safe in Education**.

Appendix 1: types of abuse

Abuse, including neglect, and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap.

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Emotional abuse may involve:

- Conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person

- Not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate

- Age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction

- Seeing or hearing the ill-treatment of another

- Serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve:

- Physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing

- Non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet)

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.

Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)

- Protect a child from physical and emotional harm or danger

- Ensure adequate supervision (including the use of inadequate care-givers)

- Ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Appendix 2: safer recruitment and DBS checks – policy and procedures

We will record all information on the checks carried out in the school's single central record (SCR). Copies of these checks, where appropriate, will be held in individuals' personnel files. We follow requirements and best practice in retaining copies of these checks, as set out below.

Appointing new staff

When appointing new staff, we will:

- Verify their identity
- Obtain (via the applicant) an enhanced Disclosure and Barring Service (DBS) certificate, including barred list information for those who will be engaging in regulated activity (see definition below). We will not keep a copy of this for longer than 6 months
- Obtain a separate barred list check if they will start work in regulated activity before the DBS certificate is available
- Verify their mental and physical fitness to carry out their work responsibilities
- Verify their right to work in the UK. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years afterwards
- Verify their professional qualifications, as appropriate
- Ensure they are not subject to a prohibition order if they are employed to be a teacher
- Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK, including (where relevant) any teacher sanctions or restrictions imposed by a European Economic Area professional regulating authority, and criminal records checks or their equivalent

We will ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the Childcare Disqualification (Regulations) 2009 and Childcare Act 2006. Where we take a decision that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment on the individual's personnel file. This will include our evaluation of any risks and control measures put in place, and any advice sought.

Regulated activity means a person who will be:

- Responsible, on a regular basis in a school or college, for teaching, training, instructing, caring for or supervising children
- Carrying out paid, or unsupervised unpaid, work regularly in a school or college where that work provides an opportunity for contact with children
- Engaging in intimate or personal care or overnight activity, even if this happens only once and regardless of whether they are supervised or not

Existing staff

If we have concerns about an existing member of staff's suitability to work with children, we will carry out all the relevant checks as if the individual was a new member of staff. We will also do this if an individual moves from a post that is not regulated activity to one that is.

We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult:

- Where the 'harm test' is satisfied in respect of the individual (i.e. that no action or inaction occurred but the present risk that it could was significant)
- Where the individual has received a caution or conviction for a relevant offence
- If there is reason to believe that the individual has committed a listed relevant offence, under the [Safeguarding Vulnerable Groups Act 2006 \(Prescribed Criteria and Miscellaneous Provisions\) Regulations 2009](#)

If the individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

Agency and third-party staff

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

Contractors

We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check. This will be:

- An enhanced DBS check with barred list information for contractors engaging in regulated activity

- An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children

We will obtain the DBS check for self-employed contractors.

We will not keep copies of such checks for longer than 6 months.

Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.

We will check the identity of all contractors and their staff on arrival at the school.

Trainee/student teachers

Where applicants for initial teacher training are salaried by us, we will ensure that all necessary checks are carried out.

Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children.

In both cases, this includes checks to ensure that individuals are not disqualified under the Childcare Disqualification (Regulations) 2009 and Childcare Act 2006.

Volunteers

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity

- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity

- Obtain an enhanced DBS check without barred list information for all volunteers who are not in regulated activity, but who have an opportunity to come into contact with children on a regular basis, for example, supervised volunteers

- Carry out a risk assessment when deciding whether to seek an enhanced DBS check for any volunteers not engaging in regulated activity

- Ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the Childcare Disqualification (Regulations) 2009 and Childcare Act 2006. Where we decide that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought

Governors

All governors will have an enhanced DBS check without barred list information and section 128 check

. They will have an enhanced DBS check with barred list information if working in regulated activity.

Adults who supervise pupils on work experience

When organising work experience, we will ensure that policies and procedures are in place to protect children from harm.

We will also consider whether it is necessary for barred list checks to be carried out on the individuals who supervise a pupil under 16 on work experience. This will depend on the specific circumstances of the work experience, including the nature of the supervision, the frequency of the activity being supervised, and whether the work is regulated activity.

Appendix 3: allegations of abuse made against staff

This section of this policy applies to all cases in which it is alleged that a current member of staff or volunteer has:

Behaved in a way that has harmed a child, or may have harmed a child, or

Possibly committed a criminal offence against or related to a child, or

Behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children

It applies regardless of whether the alleged abuse took place in the school. Allegations against a member of staff who is no longer employed by the school and historical allegations of abuse will be referred to the police.

We will deal with any allegation of abuse against a member of staff or volunteer very quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

Our procedures for dealing with allegations will be applied with common sense and judgement.

If there are concerns around a staff member's conduct in regard to child protection or safeguarding, and the staff member leaves before an investigation is conducted, the LADO will be informed, and a note will be left on the school system.

Suspension

Suspension will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that it might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

Redeployment within the school so that the individual does not have direct contact with the child or children concerned

Providing an assistant to be present when the individual has contact with children

Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children

Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents have been consulted

Temporarily redeploying the individual to another role in a different location, for example to an alternative school or other work within the federation.

Definitions for outcomes of allegation investigations

Substantiated: there is sufficient evidence to prove the allegation

Malicious: there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive

False: there is sufficient evidence to disprove the allegation

Unsubstantiated: there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the EHT (or chair of governors where the EHT is the subject of the allegation) – the ‘case manager’ – will take the following steps:

Immediately discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children’s social care services. (The case manager may, on occasion, consider it necessary to involve the police *before* consulting the designated officer – for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)

Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children’s social care services, where necessary). Where the police and/or children’s social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies

Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children’s social care services, as appropriate

If immediate suspension is considered necessary, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details

If it is decided that no further action is to be taken in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation

If it is decided that further action is needed, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children’s social care services as appropriate

Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and consider what other support is appropriate. They can access support from trade union representatives or use RBKC or H&F welfare counselling or medical advice.

Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children’s social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice

Keep the parents or carers of the child/children involved informed of the progress of the case and the outcome, where there is not a criminal prosecution, including the outcome of any disciplinary process (in confidence)

Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child

We will inform Ofsted of any allegations of serious harm or abuse by any person living, working, or looking after children at the premises (whether the allegations relate to harm or abuse committed on the premises or elsewhere), and any action taken in respect of the allegations. This notification will be made as soon as reasonably possible and always within 14 days of the allegations being made.

If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the Teacher Regulation Agency.

Where the police are involved, wherever possible the local authority will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

Timescales (during term time)

Any cases where it is clear immediately that the allegation is unsubstantiated or malicious will be resolved within 1 week

If the nature of an allegation does not require formal disciplinary action, we will institute appropriate action within 3 working days

If a disciplinary hearing is required and can be held without further investigation, we will hold this within 15 working days

Timescales (during holiday periods)

We will respond to all allegations as soon as school reopens. The previous timescales will then apply from that date.

Specific actions

Action following a criminal investigation or prosecution

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the case manager and the school's personnel adviser will discuss with the designated officer whether to make a referral to the DBS for consideration of whether inclusion on the barred lists is required.

If the individual concerned is a member of teaching staff, the case manager and personnel adviser will discuss with the designated officer whether to refer the matter to the NCTL to consider prohibiting the individual from teaching.

Individuals returning to work after suspension

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated or malicious allegations

If an allegation is shown to be deliberately invented, or malicious, the headteacher, or other appropriate person in the case of an allegation against the headteacher, will consider whether any disciplinary action is appropriate against the pupil(s) who made it, or whether the police should be asked to consider whether action against those who made the allegation might be appropriate, even if they are not a pupil.

Confidentiality

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

The case manager will take advice from the local authority's designated officer, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared

- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality

- What, if any, information can be reasonably given to the wider community to reduce speculation

- How to manage press interest if, and when, it arises

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case. Such records will include:

- A clear and comprehensive summary of the allegation

- Details of how the allegation was followed up and resolved

- Notes of any action taken and decisions reached (and justification for these, as stated above)

If an allegation or concern is not found to have been malicious, the school will retain the records of the case on the individual's confidential personnel file, and provide a copy to the individual. We will retain these records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

The records of any allegation that is found to be malicious will be deleted from the individual's personnel file.

References

When providing employer references, we will not refer to any allegation that has been proven to be false, unsubstantiated or malicious, or any history of allegations where all such allegations have been proven to be false, unsubstantiated or malicious.

Learning lessons

After any cases where the allegations are *substantiated*, we will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff

- The duration of the suspension

- Whether or not the suspension was justified

- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

Appendix 4: specific safeguarding issues

Children missing from education

A child going missing from education is a potential indicator of abuse or neglect, and such children are at risk of being victims of harm, exploitation or radicalisation.

There are many circumstances where a child may become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is in immediate danger or at risk of harm.

Child sexual exploitation

Child sexual exploitation (CSE) is a form of sexual abuse where children are sexually exploited for money, power or status.

This can involve violent, humiliating and degrading sexual assaults, but does not always involve physical contact and can happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam.

Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Indicators of sexual exploitation can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Having older boyfriends or girlfriends
- Suffering from sexually transmitted infections or becoming pregnant
- Displaying inappropriate sexualised behaviour
- Suffering from changes in emotional wellbeing

Misusing drugs and/or alcohol

Going missing for periods of time, or regularly coming home late

Regularly missing school or education, or not taking part in education

FGM

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Section 7.3 of this policy sets out the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Indicators that FGM has already occurred include:

A pupil confiding in a professional that FGM has taken place

A mother/family member disclosing that FGM has been carried out

A family/pupil already being known to social services in relation to other safeguarding issues

A girl:

Having difficulty walking, sitting or standing, or looking uncomfortable

Finding it hard to sit still for long periods of time (where this was not a problem previously)

Spending longer than normal in the bathroom or toilet due to difficulties urinating

Having frequent urinary, menstrual or stomach problems

Avoiding physical exercise or missing PE

Being repeatedly absent from school, or absent for a prolonged period

Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour

Being reluctant to undergo any medical examinations

Asking for help, but not being explicit about the problem

Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

The girl's family having a history of practising FGM (this is the biggest risk factor to consider)

FGM being known to be practised in the girl's community or country of origin

A parent or family member expressing concern that FGM may be carried out

A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues

A girl:

Having a mother, older sibling or cousin who has undergone FGM

Having limited level of integration within UK society

Confiding to a professional that she is to have a "special procedure" or to attend a special occasion to "become a woman"

Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period

Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM

Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)

Being unexpectedly absent from school

Having sections missing from her 'red book' (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

Forced marriage

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the 'one chance' rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- Speak to the pupil about the concerns in a secure and private place
- Activate the local safeguarding procedures and refer the case to the local authority's designated officer
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or fm@fco.gov.uk and the Karma Nirvana Honour Network Helpline 0800 5999 247.
- Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

Preventing radicalisation

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism. Extremism is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk.

We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding children partnership and local police force.

We will ensure that suitable internet filtering is in place, and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils' behaviour.

The government website [Educate Against Hate](#) and charity [NSPCC](#) say that signs that a pupil is being radicalised can include:

Refusal to engage with, or becoming abusive to, peers who are different from themselves

Becoming susceptible to conspiracy theories and feelings of persecution

Changes in friendship groups and appearance

Rejecting activities they used to enjoy

Converting to a new religion

Isolating themselves from family and friends

Talking as if from a scripted speech

An unwillingness or inability to discuss their views

A sudden disrespectful attitude towards others

Increased levels of anger

Increased secretiveness, especially around internet use

Expressions of sympathy for extremist ideologies and groups, or justification of their actions

Accessing extremist material online, including on Facebook or Twitter

Possessing extremist literature

Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in section 7.5 of this policy, including discussing their concerns with the DSL.

Staff should **always** take action if they are worried.

Checking the identity and suitability of visitors

All visitors will be required to verify their identity to the satisfaction of staff.

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification.

Visitors are expected to sign in using the Inventory system and wear a visitor's badge at all times.

All visitors to our setting, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

Non-collection of children

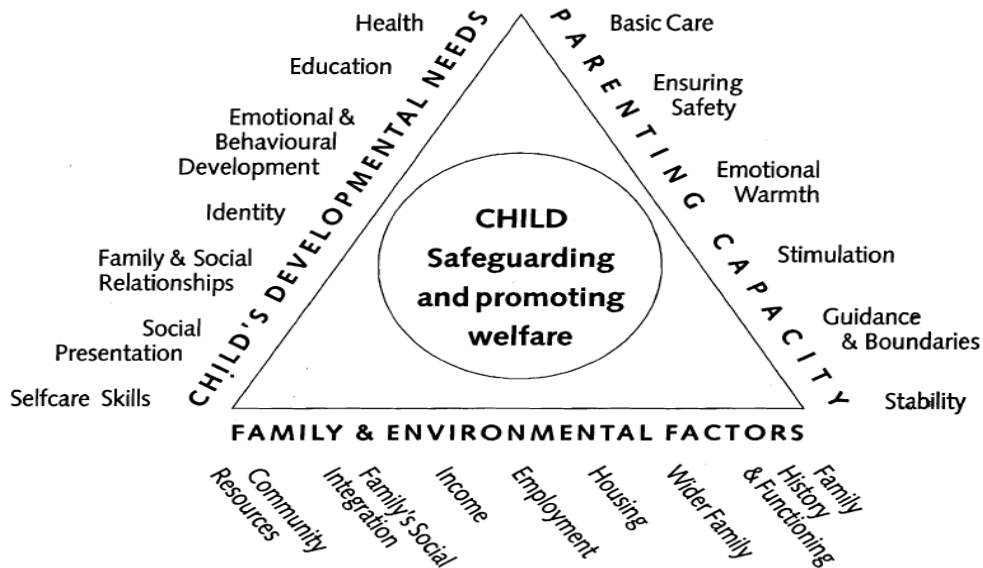

If children are not collected by 3.40pm (2.25pm on Fridays), a member of staff will take them to the adult responsible for the late book that day. Their name and class will be recorded. If the child has not been collected by 4pm (2.45pm on Fridays), they will be taken to the school office. A member of office staff will call their parents to find out pick up arrangements. Parents will be charged £10 for a late pick up plus any related Extended school charges.

If we have safeguarding concerns around a child, then we will follow normal procedures for safeguarding and contact either the police or children's services.

If parents are repeatedly late for pick up from either school or extended school provision, then a meeting with the Executive Headteacher/ Head of School/ Deputy Head will be scheduled. If it specifically relates to use of extended school provision, then we may make a decision to review use of these services.

APPENDIX 5: Indicators of abuse and neglect

The framework for understanding children's needs:

Working Together to Safeguard Children (DFE, 2015)

| | |
|--|---|
| Physical abuse | |
| <i>Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child.</i> | |
| Child | |
| Bruises – shape, grouping, site, repeat or multiple | Withdrawal from physical contact |
| Bite-marks – site and size Burns and Scalds – shape, definition, size, depth, scars | Aggression towards others, emotional and behaviour problems |
| Improbable, conflicting explanations for injuries or unexplained injuries | Frequently absent from school |
| Untreated injuries | Admission of punishment which appears excessive |
| Injuries on parts of body where accidental injury is unlikely | Fractures |

| | |
|---|--|
| Repeated or multiple injuries | Fabricated or induced illness - |
| Parent | Family/environment |
| Parent with injuries | History of mental health, alcohol or drug misuse or domestic violence. |
| Evasive or aggressive towards child or others | Past history in the family of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault |
| Explanation inconsistent with injury | Marginalised or isolated by the community. |
| Fear of medical help / parents not seeking medical help | Physical or sexual assault or a culture of physical chastisement. |
| Over chastisement of child | |

| | |
|---|---|
| Emotional abuse | |
| <i>Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, not giving the child opportunities to express their views, 'making fun' of what they say or how they communicate - hearing the ill-treatment of another and serious bullying (including cyber bullying).</i> | |
| Child | |
| Self-harm | Over-reaction to mistakes / Inappropriate emotional responses |
| Chronic running away | Abnormal or indiscriminate attachment |
| Drug/solvent abuse | Low self-esteem |
| Compulsive stealing | Extremes of passivity or aggression |
| Makes a disclosure | Social isolation – withdrawn, a 'loner' Frozen watchfulness particularly pre school |
| Developmental delay | Depression |
| Neurotic behaviour (e.g. rocking, hair twisting, thumb sucking) | Desperate attention-seeking behaviour |
| Parent | Family/environment |
| Observed to be aggressive towards child or others | Marginalised or isolated by the community. |

| | |
|---|--|
| Intensely involved with their children, never allowing anyone else to undertake their child's care. | History of mental health, alcohol or drug misuse or domestic violence. |
| Previous domestic violence | History of unexplained death, illness or multiple surgery in parents and/or siblings of the family |
| History of abuse or mental health problems | Past history in the care of childhood abuse, self harm, somatising disorder or false allegations of physical or sexual assault |
| Mental health, drug or alcohol difficulties | Wider parenting difficulties |
| Cold and unresponsive to the child's emotional needs | Physical or sexual assault or a culture of physical chastisement. |
| Overly critical of the child | Lack of support from family or social network. |

| | |
|--|--|
| Neglect | |
| <i>Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.</i> | |
| Child | |
| Failure to thrive - underweight, small stature | Low self-esteem |
| Dirty and unkempt condition | Inadequate social skills and poor socialisation |
| Inadequately clothed | Frequent lateness or non-attendance at school |
| Dry sparse hair | Abnormal voracious appetite at school or nursery |
| Untreated medical problems | Self-harming behaviour |
| Red/purple mottled skin, particularly on the hands and feet, seen in the winter due to cold | Constant tiredness |
| Swollen limbs with sores that are slow to heal, usually associated with cold injury | Disturbed peer relationships |
| Parent | Family/environment |
| Failure to meet the child's basic essential needs including health needs | Marginalised or isolated by the community. |
| Leaving a child alone | History of mental health, alcohol or drug misuse or domestic violence. |
| Failure to provide adequate caretakers | History of unexplained death, illness or multiple surgery in parents and/or siblings of the family |

| | |
|---|--|
| Keeping an unhygienic dangerous or hazardous home environment | Past history in the family of childhood abuse, self harm, somatising disorder or false allegations of physical or sexual assault |
| Unkempt presentation | Lack of opportunities for child to play and learn |
| Unable to meet child's emotional needs | Dangerous or hazardous home environment including failure to use home safety equipment; risk from animals |
| Mental health, alcohol or drug difficulties | |

| | |
|---|--|
| <p>Sexual abuse</p> <p><i>Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact or non-contact activities, such as involving children in looking at sexual images or being groomed on line / child exploitation.</i></p> | |
| Child | |
| Self-harm - eating disorders, self-mutilation and suicide attempts | Poor self-image, self-harm, self-hatred |
| Running away from home | Inappropriate sexualised conduct |
| Reluctant to undress for PE | Withdrawal, isolation or excessive worrying |
| Pregnancy | Sexual knowledge or behaviour inappropriate to age/stage of development, or that is unusually explicit |
| Inexplicable changes in behaviour, such as becoming aggressive or withdrawn | Poor attention / concentration (world of their own) |
| Pain, bleeding, bruising or itching in genital and /or anal area | Sudden changes in school work habits, become truant |
| Sexually exploited or indiscriminate choice of sexual partners | |
| Parent | |
| History of sexual abuse | Marginalised or isolated by the community. |
| Excessively interested in the child. | History of mental health, alcohol or drug misuse or domestic violence. |
| Parent displays inappropriate behaviour towards the child or other children | History of unexplained death, illness or multiple surgery in parents and/or siblings of the family |

| | |
|--|--|
| Conviction for sexual offences | Past history in the care of childhood abuse, self harm, somatising disorder or false allegations of physical or sexual assault |
| Comments made by the parent/carer about the child. | Grooming behaviour |
| Lack of sexual boundaries | Physical or sexual assault or a culture of physical chastisement. |

Appendix 6: Guidelines for working with children

Below is a set of guidelines that staff should take on board when dealing with individuals/small groups of students. It is important to be mindful at all times of your behaviour in relationship to individuals/small groups of students and of the potential risk of an allegation. Staff should take necessary precautions in order to minimise the opportunity for an allegation to be made against them.

- Whenever possible try not to be alone in a room with a pupil, regardless of gender. If you are on your own with a pupil, leave the door open and inform a colleague if possible. Always keep an appropriate distance between you and the pupil.
- Do not engage in conversations about your personal life with pupils.
- Keep boundaries very clear between you and pupils, particularly if the conversation involves relationships, emotions, and sexual content.
- Do not exchange mobile phone numbers with students. If possible do not have your mobile phone out when dealing with an individual pupil.
- Do not accept students as 'friends' on Facebook or any other social media.
- If a pupil wishes to disclose personal information to you, ensure that they understand that you cannot guarantee confidentiality. Do not probe a pupil about their personal life unless they approach you. Avoid giving advice to pupils about their relationships.
- Do not teach individuals/small groups of pupils outside of normal lessons unless there is another member of staff with you at that time.
- Be aware of pupils forming attachments to you as an adult and keep your distance if they appear particularly needy of your attention. It is imperative that you do not appear to be encouraging the relationship, as this can often lead to misunderstandings.
- Be aware of conversations that you have with pupils and the need to avoid sexual innuendo at all times. Older pupils are particularly conscious of staff making sexual inferences and this can place you in a very vulnerable position.

Please discuss with DSL if at any time you are concerned about a situation and wish to seek advice.
