# Supporting Children's Behaviour

**We expect the highest standards of behavior at Avonmore to enable all children to feel safe and reach their potential.**

At Avonmore, our behaviour policy has **been informed by much research** that supports the idea that children respond better to an approach focused on self-reflection and relationships.

We support children when they do not meet our behaviour expectations by scaffolding some reflection time in which an adult will ask them to think about who their actions are having a negative impact on and how they can make the situation better. We also prompt children to think about what they could do differently next time and reinforce a culture that 'mistakes are OK, as long as we learn from them'.

# Supporting Children's Behaviour

We will communicate with parents and carers at the end of the school day if their child has had a difficult day with their behavior.

We use lots of reward systems such as star of the week, special mentions in assembly and house points.

Positive and nurturing relationships	Predictable routines	Discussing and teaching pro-social behaviour	Discussing and teaching values and rules
A calm and organised learning environment	Teaching regulation strategies (e.g mindfulness, movement & breathing)	Stars of the week	Whole class incentives and rewards
